Congratulations to **Ben** as the winner of this past season's Urshan Award. What a dominating performance! His 15.13 is the second highest score in the last 15 seasons.

Congratulations too to **Andrew** as the silver medal winner. His 15.04 score would have taken first prize in 10 of the last 13 seasons.

Points are based on a system that tracks wins and losses giving higher credit for higher courts. The stats of subs don't count toward the points for each player. So whether you had a sub, or you served as a sub, those points don't affect your season points results. [FYI, if you're really curious about this, I do have ratings and results available that include "as-a-sub" results.]
